Chennai-2.

Lr.No.GS/TANEED/F.Rep/D.No- 111 /13 Dt 04.02.2013.
Sir,

Sub: TANGEDCO – Setting up of 1 No.Transformer Repair Bay -
in Southern TamilNadu - Requested - Regarding.

Ref: Our representation Dt 02.05.2012.

In our representation cited, we have already put forth the demand of setting up of one number Transformer Repair Bay (TRB) in the southern part of TamilNadu.

In this connection we would like to state that, at present, there is a Transformer Repair Bay at Ambattur, Chennai, which alone caters to the needs of the entire state. Because of the excessive work load, a lot of hardship is being experienced in getting the Power Transformers repaired, in time. Moreover, many a number of Power Transformers are kept idle at various parts of the state, for want of repairs. There is no denying the fact that the Power Transformers are the costliest equipments in the Sub Stations and they must be utilized with maximum benefit of return.

In view of the above, we once again request the respected CMD to kindly take appropriate steps to establish one number Transformer Repair Bay (TRB) in the southern part of TamilNadu, particularly, in Madurai or Trichirapalli, thereby minimizing the transporting cost incurred to the Board, apart from minimising the idleness of the costly equipments please.

Thanking you Sir,

Yours faithfully,

(B.Raj Kumar)

General Secretary/TANEED
